Re: Second Written Request for Annual Report for the Year 1995

Dear Mr. Terry:

As of this date, we have not received your annual report for the Welcome Spring/RC Claim, file number S/053/043, located in Washington County, Utah. In a telephone conversation held March 25th, you stated you did not proceed with your plan as proposed, but you would be sending in the report with an explanation. You also mentioned that you may be sending in an amendment for the project. We would appreciate receipt of your report just as soon as possible.

The Utah Mined Land Reclamation Act, Title 40-8-15, subsection (2) and Rule R647-3-116.1 of its interpretive rules, require a mine operator to file an annual report with this Division by January 31st of each year. This report is required regardless of mine activity, unless the Division grants a written waiver from the annual filing requirement, or the operator receives a formal release from continued reclamation obligations from the Division. Your failure to file this report, may constitute a violation of the Mined Land Reclamation Act, which could result in the issuance of a Notice of Noncompliance and/or a formal Notice of Agency Action.

We assume that your failure to return the completed annual report form was an oversight. Accordingly, we are once again requesting that you submit the required report to this office. Please return the enclosed annual report form no later than April 15, 1996. Please contact me if you are unable to meet this deadline or have questions or concerns in submitting the report. Thank you for your cooperation and prompt attention to this matter.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
